

## Fernando Galera y Vilma Vega

Fernando Galera and Vilma Vega are professional Tango dancers and teachers with a broad and varied background: For the past eight years they have been recording their particular style in various films and have been contributing to the spreading of the Tango passion across the globe.

Amongst the bands, singers and groups with which they have had dance shows are the following: from Argentina: el Sexteto Mayor, Color Tango, Beba Pugliese, El Arranque, Los Cosos de al Lao; from Belgium: Alfredo Marcucci; from Holland: el Sexteto Canyengue; from Switzerland: Silencio.

Further, they are giving classes, intensive seminars and workshops travelling large parts of the world, i.e. several cities in Germany, Austria, Switzerland, Holland, Norway, Denmark, Sweden, Italy, Spain, and -less frequently- various countries in Southern America.

By opening their own Tango place (together with the dancer Vanina Bilous) they have established themselves firmly in Buenos Aires. The Nuevo Estudio La Esquina is a centre of learning, training and specialisation for local and foreign students alike.
